

Established in 1985, Bentley Miniature Railway has developed into one of South East England's hidden treasures.

It comprises a mile of ground-level 7¼" gauge miniature railway with a variety of privately owned steam, internal combustion or electric powered locomotives built to standard and narrow gauge profiles hauling our passenger-carrying trains.

Built, maintained and operated by unpaid volunteers who are all members of Bentley Miniature Railway Ltd., we are proud to be one of Britain's Great Little Railways.

Railway Operating Days

We run a timed schedule of passenger trains on Saturdays, Sundays and Bank Holidays from mid-March until the end of October, plus daily during local (*East Sussex*) school holidays, weather and essential engineering works permitting. On specific dates when major events are held at Bentley, we may run intensive services.

An up-to-date calendar of railway operating days can be found on our web site -

www.bentleyrailway.co.uk

Bentley Miniature Railway Limited
a Company limited by Guarantee in England & Wales No. 8775876

sidings and loops are omitted for clarity - not to scale

There are 3 stations, called Bentley Central, Bentley East and Glydebourne Wood, where passengers can break their journeys to visit the wildfowl reserve, Bentley House and gardens, or explore signposted trails through an area of ancient Sussex woodland.

Return tickets are available from each station, and all fares are supplementary to the admission charges to Bentley Wildfowl & Motor Museum site. Discounted fares are available for organised groups (see our web site for details and bookings).
