

Your Journey

The railway has two stations allowing you to break your one-mile journey should you wish (subject to occasional station closure).

Bentley Central is our centre of operations where you will find our workshops, carriage sheds and locomotive preparation area.

Glyndebourne Wood is where you can alight and take a stroll around an ancient Sussex woodland. If you are feeling really adventurous, you could visit Branching Out Adventures (there is an additional charge for this).

Discounted fares are available for organised groups (see our website for more details).

We run a flexible service of passenger trains on Saturdays, Sundays and Bank Holidays from early April until the end of September. We also run during local (East Sussex) school holidays. All running days are subject to the weather, essential engineering works permitting, and sufficient staff to be able to safely run the railway. On specific dates when major events are held at Bentley, we may run intensive services.

About Our Railway

Bentley Miniature Railway first opened to the public in 1984 as a short loop of track and has since evolved into the one-mile circuit we have today.

The railway was built and is still operated entirely by volunteers who operate their own locomotives to haul the public around this hidden secret of Sussex.

We hold various special events throughout the year in addition to the regular passenger service. We also offer trips to see Santa in his woodland grotto at Christmas which are very popular.

For those who want to try their hand at driving a miniature locomotive, we offer experience days for both adults and juniors. Please visit our website for more details.

If you are interested in helping us run and maintain the railway, please speak to a member of staff who can provide you with more information.

We hope you enjoy your visit and don't forget to tell your friends about us.
